#### HOME EQUITY LOANS

Spring has sprung at Pennstar and we are ready to help you rejuvenate your home however you see fit! A home equity loan is when you borrow money using the equity already established in your home as collateral. So as the weather breaks, start thinking about what kind of home improvements you'd like to revamp your house with! You can use the loan to build a deck, revamp your siding, pave your driveway, install new flooring or even update your kitchen cabinets! You may not realize that when you get a home equity loan you don't have to use the money towards your home! It can be used for whatever you choose!

#### DISCOUNTED TICKETS

Amusement park season is right around the corner! Make some plans and come to Pennstar for your discounted tickets! When we get the tickets in, we will have the list of which amusement parks and the pricing right on our website [pennstarfederal.com](http://pennstarfederal.com)!

#### VEHICLE LOANS

With the weather starting to warm up, it's the perfect time to be in the market for buying a new vehicle! We do loans for vehicles from any state, so pick the dealership of your choosing and embark on a new journey in your fresh set of wheels! Don't forget we need a purchase order from a dealership in order to start the loan process! Once you receive the purchase order for the vehicle bring it in and one of our loan representatives will be more than happy to help kick start the loan application process!

#### SCHOLARSHIP APPLICATIONS

Any member of Pennstar who will be pursuing a higher education this fall, qualifies to participate in applying for the scholarship fund! The amount paid out will depend on how many applications we receive. The application consists of writing an essay and answering some questions about the credit union in it.

We have paper applications here at both branches. It is also available online at [pennstarfederal.com](http://pennstarfederal.com). We look forward to reading your applications!

#### SAVINGS ACCOUNTS

We offer a plethora of different savings accounts here at Pennstar! For starters we offer the basic savings with a rate of .25% and it pays out every quarter. This is where you also have to keep your \$5.00 share of the credit union. We offer an extra savings account for if you need to keep money separate from what's in your other accounts. It has the same rate and pay out as the regular savings. We have our holiday club account. The maximum amount you can put in every month is \$500. It runs from October 1<sup>st</sup> to October 1<sup>st</sup>. And you cannot make withdrawals from the account. It has to sit for the designated time or the account will be closed and all earned dividends will be forfeited. Currently the rate is 2.00%.

Additionally, we offer a money market account! When you open a money market you have to keep a minimum of \$2,500 in the account at all times. It is much more beneficial to keep your money in this account being as it yields a higher percentage of 1.00%. It also pays out monthly instead of quarterly. So, if you have a good amount of money sitting in a different account here, you may want to consider opening a money market to start earning more! \*\*\* Rates are subject to change for current rates call or check out our website!
